8mm or 10mm up to 400mm long available on request, also offer selective sizes for Stainless steel.

TIMBER SCREWS

Designed for decking, stairs, fencing, roofing and landscaping. Available with a 8mm hex head countersunk with a fixed washer. Plated in olive green to withstand up to 1,000 hours (min) salt spray resistance. They have a 50-degree deep single thread to provide secure fixing with a high pull-out resistance and a type 17 slash to reduce torque and the likelihood of the timber from splitting when the screw is inserted close to the edge. They also have a 25-degree sharp point for easier penetration into all wood types.

Size d x Lt	Code	Price Per 1000	Box qty	Outer
Ø 6.3x100	TIMBER63100	£5.90	100	900
Ø 6.7x150	TIMBER63150	£6.25	50	900
Ø 6.7x200	TIMBER63200	£7.25	50	450
Ø 6.7x250	TIMBER63250	£8.50	50	450

Also selective sizes available in stainless steel.

All dimensions in mm, unless otherwise stated.
